# Kadeeja Griffin

# **Frontend Developer**

#### **SUMMARY**

Junior Frontend Developer with a strong foundation in JavaScript, HTML, and CSS gained from completing an intensive full-stack development bootcamp. Experienced in developing responsive web applications, integrating APIs, and conducting testing and debugging. Skilled in teamwork, communication, and problem-solving, with a passion for continuous learning and growth.

## **SKILLS**

APIs Cross Functional Collaboration Flask Git GitHub HTML/CSS JavaScript MySQL React.js

#### **PROJECTS**

#### Yoga Voyage 🔃

- -Built a full stack application that searches for and uploads yoga retreats worldwide.
- -Implemented python and flask to create an API that allows users to create an account, upload and deleted retreats, search retreats.
- -Coded with typescript to create the interactive side of the application.

#### **EXPERIENCE**

## Frontend Developer | Co.Lab

Mar 2024 - Present

- Developed a dynamic frontend for a Colaboratory project using Next.js and Tailwind CSS.
- Leveraged Next.js for efficient rendering and routing, optimizing user experience.
- Utilized Tailwind CSS for rapid UI development, ensuring a clean and responsive design.
- Contributed to seamless frontend-backend integration for a smooth user experience.

#### Full Stack Development Bootcamp Graduate Coding Temple

Nov 2023 - Feb 2024

- Implemented HTML/CSS, JavaScript, Python, Typescript, and SQL to create multiple applications.
- Developed responsive web applications and integrated APIs to enhance website functionality.
- Conducted testing and debugging to ensure high-quality, cross-browser compatible applications.
- Collaborated with team members on group projects, showcasing effective teamwork and communication skills.

#### Assistant Teacher | Lincoln Park Preschool & Kindergarten

Jan 2023 - Nov 2023

- Assisted in creating interactive educational materials, including digital learning modules and multimedia presentations.
- Supported teachers in classroom management and activities, fostering a positive and inclusive learning environment.
- Facilitated group discussions and assisted students with learning activities, demonstrating strong communication and interpersonal skills.
- Contributed to organizing educational events and extracurricular activities, showcasing leadership and organizational abilities.

#### **EDUCATION**

- Completed a rigorous 10-week coding bootcamp with a focus on mastering Python programming and full-stack development principles.
- Gained expertise in leveraging Python for software development, including object-oriented design, data structures, and algorithm implementation.
- Applied Python in various projects, implementing advanced concepts such as inheritance, encapsulation, and polymorphism.

## Bachelors in Psychology | Florida National University

- Applied psychological theories to analyze user behavior and preferences, contributing valuable insights to team discussions and decision-making processes.
- Developed strong teamwork, communication, and leadership skills through active participation in extracurricular activities.
